

EDUCATION FACILITIES FLOOR FINISHING PROGRAMS

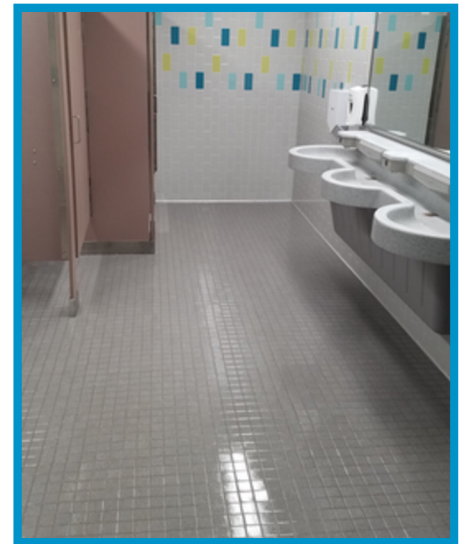

THE EPIC SOLUTION FOR EDUCATION FLOORS

- ELIMINATE WAX
- CONTINUOUS SHINE
- NO ANNUAL MAINTENANCE
- REDUCED LABOR
- TRANSPARENT COST SAVINGS

EPIC FLOOR FINISH

EPIC transforms existing school floors into ultra-low-maintenance surfaces that look great not just all year long, but for 3-5 years longer!

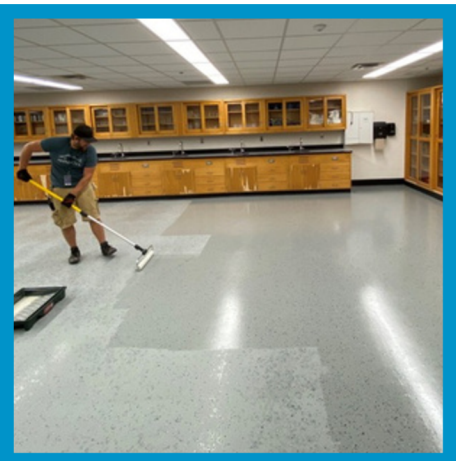

"It's like night and day. For some of the floors that are still coated with wax, people will ask 'What is wrong with these floors? Why don't they look shiny like the EPIC floors?' We get nothing but compliments with EPIC."

Joe Scollo
UNC Charlotte

UDT RESINOUS SYSTEMS

Ultra Durable Technologies manufactures a complete line of resinous flooring systems for concrete. Anything from Chip Flake and Quartz to Dyed Concrete and Solid-colored Systems, you have UDT's full support and quality assurance.

PROTECT • RESTORE • BEAUTIFY

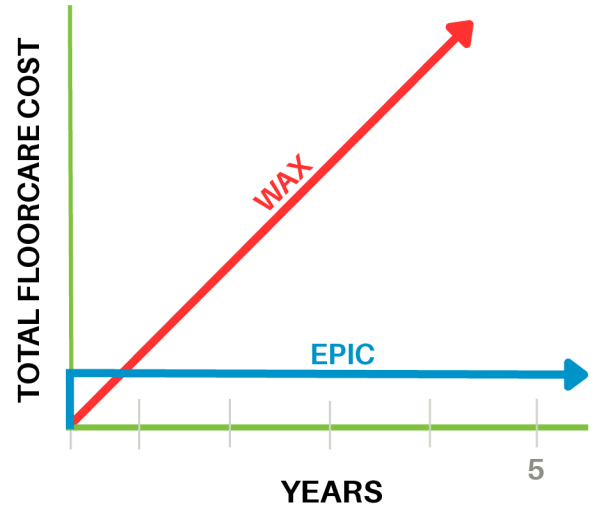

How can I save time, money, and labor?

UDT will educate you how to incorporate EPIC. Custodians can focus on cleaning and maintenance instead of waxing floors!

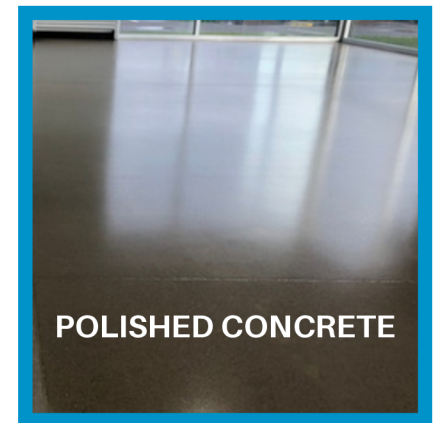

One thin coat of EPIC provides a high-gloss that lasts several years without any ongoing maintenance.

Use your autoscrubber (manual or autonomous) to clean the floors on an "as needed" basis only.

Ditch traditional wax once and for all!

FOR THE FOLLOWING FLOOR TYPES...AND MORE!!
